

Discover all of its potential

**HABITAFLEX®**  
the FOLDING & TRANSPORTABLE HOME

**Habitaflex**, a subsidiary of Maisons Laprise specialist in the building sector since 1989, is proud to present a new home concept **unique in the world**: a folding and transportable home!

An innovative alternative to temporary and permanent accommodation, this home can be unfolded, transported and relocated. Its rapid and easy installation can get this home **up and running in a few hours only!** Thanks to its clever opening mechanism, Habitaflex deploys virtually effortlessly and, in no time, reveals a complete and comfortable home comprising: a kitchen, living room, bathroom as well as 1, 2 or 3 bedrooms. Its plumbing and heating systems are fully integrated in the wall cavities so you can be operational and stay in your new home **the very same day of your installation!**

FOLDING & TRANSPORTABLE

## Advantages

- Operational in only a few hours
- No foundation required
- Easy to relocate

Habitaflex is built to be comfortable with an appealing and functional living space. Installed individually or in groupings, by a lakeside, in a tourist resort, in a camping site or in a temporary village, Habitaflex shows all of its potential. Available in several models, you will find a configuration that corresponds to your requirements. Ideal for businesses and governments seeking accommodation solutions for their field crews, Habitaflex presents all the modern commodities of a residential home, away from home.

**Simply activate its clever system of crank handles and watch it unfold effortlessly into a functional and comfortable living or working environment.**

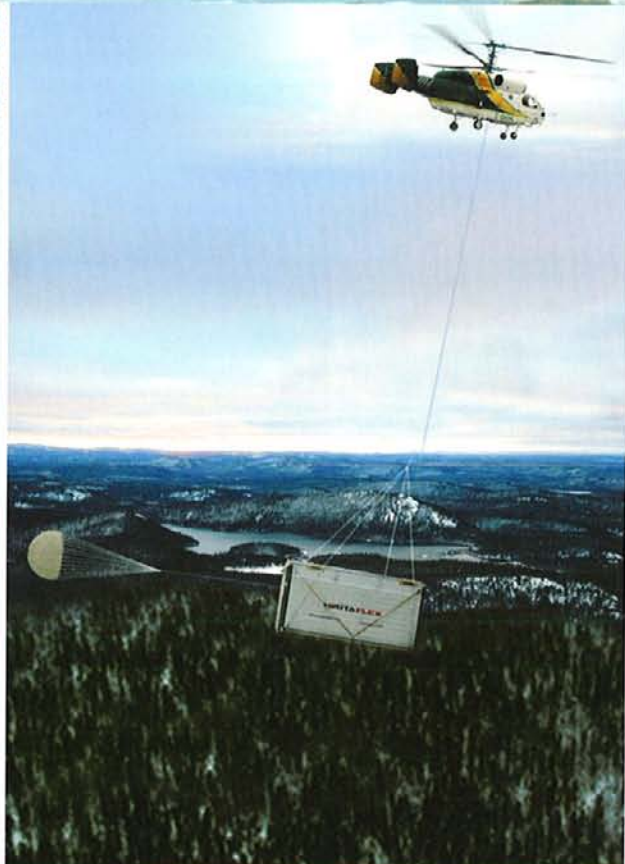

# ECONOMICAL & TRANSPORTABLE

Habitaflex is factory-built with techniques and components meticulously chosen making this home more **economical** than homes directly built on site whilst minimizing the occurrence of over budget expenses often associated with building accommodation in **hard-to-access sites and in remote areas**. And Habitaflex can be **refolded** and shifted to another site in case of unforeseen situations or simply due to relocation.

Habitaflex has been designed with safety and transportability in mind. Whether your occupation takes you to hard-to-access land or remote locations, its transportation can be conveniently achieved by land, air or sea.

## LIFESTYLE LIVING

## Country homes

Lifestyle Resort  
Ski Resort  
Tourist Resort  
Holiday Units  
Hunting & fishing lodge  
Private and public Camping sites

## ALL SEASONS COMFORT

Year-round, you will enjoy the comfort of HabitaFlex. Everything has been designed to the smallest details to provide you with a home that **stays cool in the summer and cosy in the winter** regardless of the harshness of winters! Versatility, choice of models and wide range of sizes, HabitaFlex will meet your most demanding expectations irrespective of your application. Set out individually or in groupings, HabitaFlex allows for a permanent installation on foundation or a temporary one on either wheels or screw jacks.

## Camping Cottages

## Cabins

## Residential Living

Permanent or temporary villages and parks

# MULTI-SEGMENT.

### Outpost Accommodation

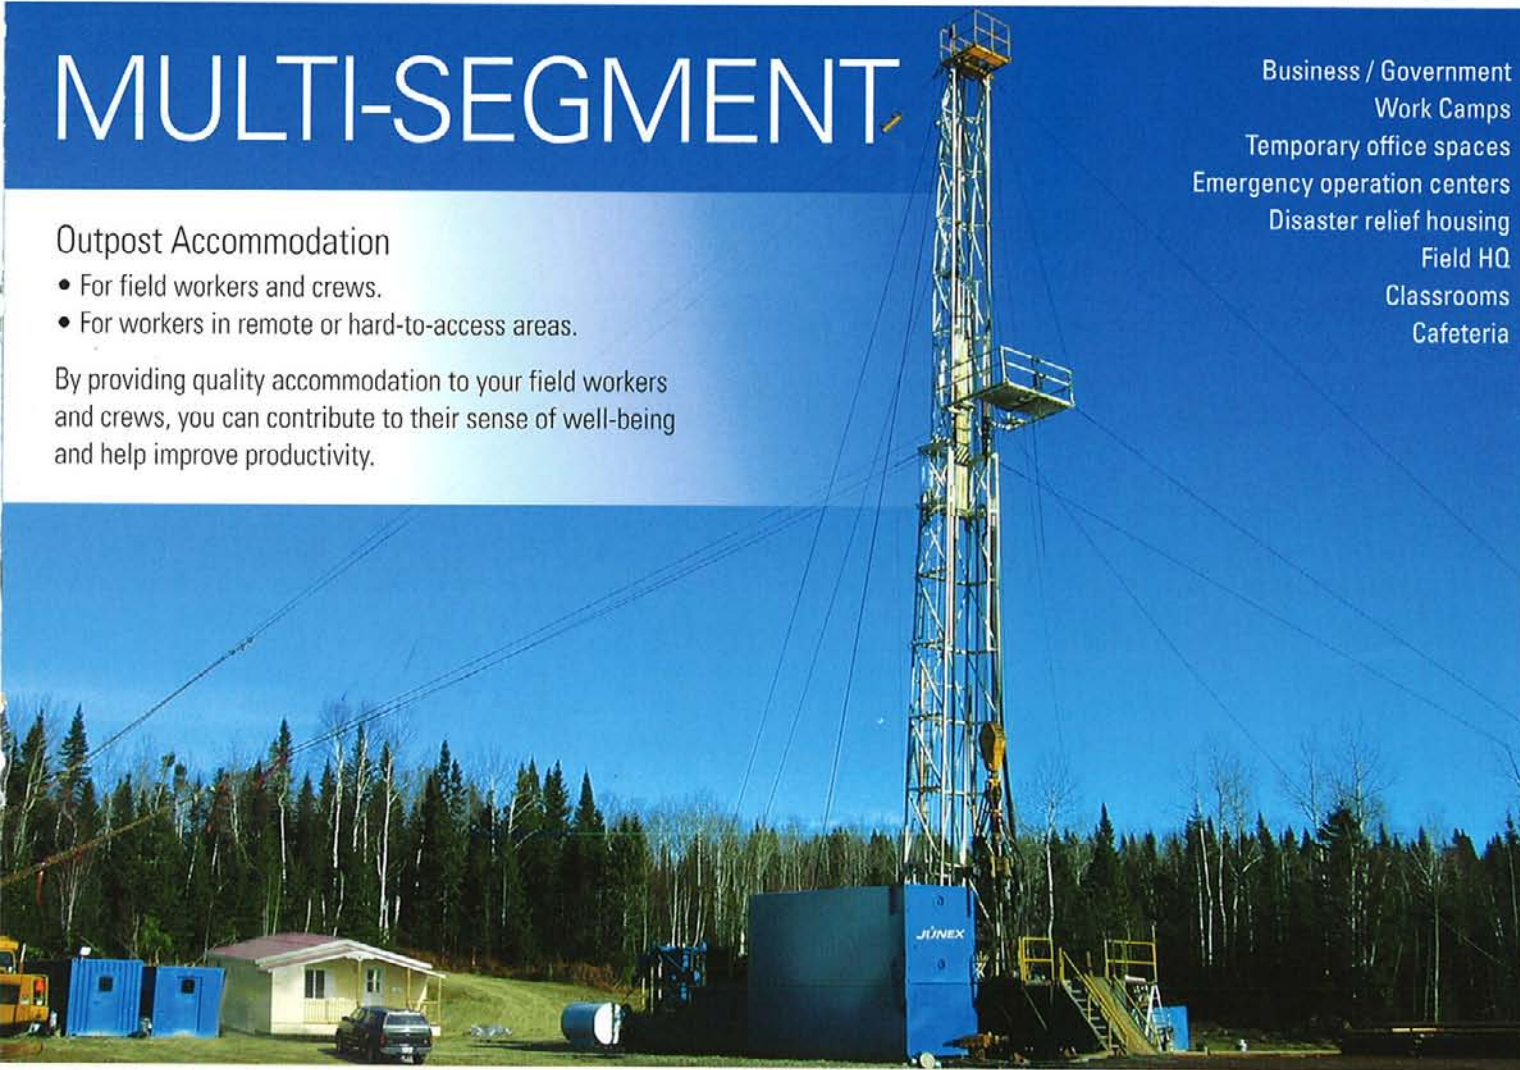

- For field workers and crews.
- For workers in remote or hard-to-access areas.

By providing quality accommodation to your field workers and crews, you can contribute to their sense of well-being and help improve productivity.

Business / Government  
Work Camps  
Temporary office spaces
